### Reflexology

Based on the ancient belief that each organ in the body corresponds to a reflex point on the foot, your therapist will use gentle pressure-point massage to release blocks, allowing the return of healthy flowing energy. A Salt mini-glow or Sugar mini-scrub is highly recommended to enhance this treatment.

**30 min: \$85.00**

### Avocado Hot Scalp Treatment

The therapist massages the guest's scalp using warmed pure avocado oil. This improves circulation and nourishes the hair follicles.

**20 min: \$50.00**

### Reiki Treatment

It is an ancient Asian form of energy work where the therapist lightly places their hands on the fully-clothed recipients' energy centers to channel healing energy. It is used to relieve physical and emotional pain, speed the healing process, as disease prevention/health maintenance and to balance the body's charkas by clearing energy blockages.
